Dear Sir:

The Arab American Society of Rochester strongly supports the U.S. condemnation of Israel's unwarranted attack on Iraqi nuclear facilities using U.S. made war planes which were to be used for self defense only. We further urge a continued cut off of all U.S. arms shipments to Israel in accordance with the U.S. Arms Export Control Laws.

In addition Israel's act of National Irresponsibility is a flagrant transgression of International Law. This unilateral act, which mirrors the Begin of today as the same Begin terrorist of old, must now be judged by the United Nations. This U.N. session presents the U.S. a golden opportunity to tell the World that Israel's foreign policy is not the U.S. foreign policy. Israel must be made to realize that International Law allows no exceptions.

A U.S. veto of any actions taken by the U.N. is against the best interests of the United States and world peace.

Cordially yours,

Shirley J. Smith
President of the Arab American Society
